Deanery Planning - a number of meetings have happened over the last few months to look at ways that our deanery can work more closely together in clusters. We thank Maziano, Monica, Denzil and Christina who have attended these meetings on our behalf. Our cluster will be Sacred Heart and St Margaret Mary, Our Lady of Good Counsel and St Joseph's. The plan for the future will be that there will be 2 priests to serve these churches. We will be looking at ways to implement this over the next few years— also at a time where we will have a new parish priest— this will be a time for us together to form a parish plan to take us forward. This will be our real opportunity to undertake the Synodal journey on our local level. The Holy Spirit will guide us!

Healing means recovering from a painful experience or situation, so that we can continue to live. No-one understands this better than those who have lost their homes and had to build new lives from scratch. We have much to learn from refugees about holding onto hope when going on seems impossible – as well as about how art, creativity and community can help us to heal. Those going through the asylum system also know that healing is an ongoing process, made harder by poverty, housing difficulties and the threat of being detained or deported. Asking for change, so that refugees can truly feel safe, is an act of care.

Whether it's about looking after ourselves and each other at difficult times, overcoming political divisions or coming together to fight for the survival of our shared planet, healing matters to all of us.
